YFY Inc. and Subsidiaries

Consolidated Financial Statements for the Six Months Ended June 30, 2023 and 2022 and Independent Auditors' Review Report

INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors and Shareholders YFY Inc.

Introduction

We have reviewed the accompanying consolidated balance sheets of YFY Inc. and its subsidiaries (collectively referred to as the "Group") as of June 30, 2023 and 2022, the related consolidated statements of comprehensive income for the three and six months ended June 30, 2023 and 2022, the consolidated statements of changes in equity and cash flows for the six months ended June 30, 2023 and 2022, and the related notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Standards on Review Engagements of the Republic of China 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in Notes 13 and 14 to the consolidated financial statements, the financial statements of some non-significant subsidiaries and investments accounted for using the equity method included in the consolidated financial statements referred to in the first paragraph were not reviewed. As of June 30, 2023 and 2022, the combined total assets of these non-significant subsidiaries were NT\$21,770,678 thousand and NT\$26,212,765 thousand, respectively, representing 15% and 19%, respectively, of the consolidated total assets, and the combined total liabilities of these non-significant subsidiaries were NT\$6,349,372 thousand and NT\$8,396,842 thousand, respectively, representing 9% and 12%, respectively, of the consolidated total liabilities; for the three and six months ended June 30, 2023 and 2022, the amounts of combined comprehensive income of these non-significant subsidiaries were a loss of NT\$53,713 thousand, a loss of NT\$263,225 thousand, a gain of NT\$35,706 thousand, and a gain of NT\$680,741 thousand, respectively, representing 5%, 22%, 6% and 16%, respectively, of the consolidated total comprehensive income. As of June 30, 2023 and 2022, the carrying amounts of the above mentioned investments accounted for using the equity method were NT\$119,100 thousand and NT\$147,621 thousand, respectively; for the three and six months ended June 30, 2023 and 2022,

the amounts of comprehensive income (loss) of investments accounted for using the equity method were a gain of NT\$2,747 thousand, a loss of NT\$2,508 thousand, a loss of NT\$4,006 thousand and a loss of NT\$15,517 thousand, respectively.

Qualified Conclusion

Based on our reviews, except for the adjustments, if any, as might have been determined to be necessary had the financial statements of the non-significant subsidiaries and investments accounted for using the equity method as described in the preceding paragraph been reviewed, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of June 30, 2023 and 2022, its consolidated financial performance for the three months ended June 30, 2023 and 2022, and of its consolidated financial performance and its consolidated cash flows for the six months ended June 30, 2023 and 2022 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Chih-Ming Shao and Hui-Min Huang.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2023 AND 2022 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. GENERAL INFORMATION

YFY Inc. (the "Company") was incorporated in Kaohsiung in February 1950. The Company's shares have been listed on the Taiwan Stock Exchange (TWSE) since February 1977.

The Company was originally principally engaged in the manufacture and sale of paper and paper-related products and the design, manufacture and sale of equipment. To increase its sales and competitiveness, the Company carried out a restructuring of the organization and spin-off of its specialized divisions. The Company spun off the assets, liabilities, and operations of its consumer products and packaging segments to its subsidiaries, Yuen Foong Yu Consumer Products Co., Ltd., in October 2007 and YFY Packaging Inc., in September 2005.

In addition, the Company spun off the assets, liabilities and operations of its paper and cardboard business segment to Chung Hwa Pulp Corporation (CHPC) and acquired the shares issued by CHPC on October 1, 2012. After this transaction, CHPC became a subsidiary of the Company, and the Company became an investment holding company, with investment as its main business.

The consolidated financial statements of the Company and its subsidiaries, hereto forth collectively referred to as the Group, are presented in the Company's functional currency, the New Taiwan dollar.

2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Company's board of directors on August 11, 2023.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

a. Initial application of the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the "IFRSs") endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRSs endorsed and issued into effect by the FSC did not have any material impact on the Group's accounting policies.

b. The IFRSs in issue but not yet endorsed and issued into effect by the FSC

	Effective Date
New, Amended and Revised Standards and Interpretations	Announced by IASB (Note 1)
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets	To be determined by IASB
between an Investor and its Associate or Joint Venture"	
Amendments to IFRS 16 "Leases Liability in a Sale and Leaseback"	January 1, 2024 (Note 2)
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 "Initial Application of IFRS 9 and IFRS 17 -	January 1, 2023
Comparative Information"	
Amendments to IAS 1 "Classification of Liabilities as Current or	January 1, 2024
Non-current"	•
Amendments to IAS 1 "Non-current Liabilities with Covenants"	January 1, 2024
Amendments to IAS 7 and IFRS 7 "Supplier Finance Arrangements"	January 1, 2024
Amendments to IAS 12 "International Tax Reform - Pillar Two Model	Note 3
Rules"	

- Note 1: Unless stated otherwise, the above IFRSs are effective for annual reporting periods beginning on or after their respective effective dates.
- Note 2: A seller-lessee shall apply the Amendments to IFRS 16 retrospectively to sale and leaseback transactions entered into after the date of initial application of IFRS 16.
- Note 3: The requirement that the Group applies the exception and the requirement to disclose that fact is applied immediately upon issuance of the amendments and retrospectively in accordance with IAS 8. The remaining disclosure requirements are applied for annual reporting periods beginning on or after January 1, 2023, but not for any interim period ending on or before December 31, 2023.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact that the application of above standards and interpretations will have on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value, biological assets (excluding bearer plants) which are measured at fair value less costs to sell, net defined benefit liabilities (assets) which are measured at the present value of the defined benefit obligation less the fair value of plan assets, investments accounted for using the equity method and the lower of cost or net realizable value on inventories.

The fair value measurements, which are grouped into Levels 1 to 3 on the basis of the degree to which the fair value measurement inputs are observable and the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

c. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e., its subsidiaries).

Income and expenses of subsidiaries acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognized in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and any investment retained in the former subsidiary at its fair value at the date when control is lost and (ii) share of the assets (including any goodwill) less liabilities and any non-controlling interests of the former subsidiary at the date when control is lost. The Group accounts for all amounts recognized in other comprehensive income in relation to that subsidiary on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition of an investment in an associate or financial assets.

Refer to Note 13 and Tables 8 and 9 for more information on subsidiaries (including the percentage of ownership and main business).

d. Other material accounting policies

Except for the following, please refer to the consolidated financial statements for the year ended December 31, 2022.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

2) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, management is required to make judgments, estimations and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

When developing material accounting estimates, the Group considers the possible impact of the recent development of the COVID-19 and the economic environment implications when making its critical accounting estimates on the cash flow projection, growth rate, discount rate, profitability, and other relevant material estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

For the summary of critical accounting judgments and key sources of estimation uncertainty, refer to the consolidated financial statements for the year ended December 31, 2022.

Notes receivable and accounts receivable were generated by operating activities.

The Group reviews the recoverable amounts at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts.

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECLs. The expected credit losses on trade receivables are estimated using a provision matrix approach considering the past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished according to the Group's different customer base.

	<u>\$ 12,056,823</u>	<u>\$ 11,872,315</u>	<u>\$ 11,482,125</u>

The cost of goods sold for the three and six months ended June 30, 2023 and 2022 included inventory write-downs reversed of \$4,448 thousand, \$24,991 thousand, and inventory write-downs of \$8,111 thousand and \$15,630 thousand, respectively. Reversal of write-downs of inventories was attributed to the disposal of inventories previously written down.

12. BIOLOGICAL ASSETS

	For the Six Months Ended June 30			
	2023	2022		
Balance at January 1	\$ 3,255,711	\$ 3,193,535		
Increases due to planting	112,444	157,681		
Gain (loss) on changes in fair value less costs to sell	8	(956)		
Decreases due to harvesting	(58,632)	(122,347)		
Effect of foreign currency exchange differences	(74,993)	63,821		
Balance at June 30	<u>\$ 3,234,538</u>	\$ 3,291,734		

The biological assets and their fair values measured on a recurring basis (before deducting costs to sell) were as follows:

	June 30,	December 31,	June 30,
	2023	2022	2022
Eucalyptus (Level 3)	\$ 3,338,127	\$ 3,359,818	\$ 3,397,178

The movements in the fair value of the assets within Level 3 of the hierarchy were as follows:

	For the Six Months Ended June 30			
	2023	2022		
Balance at January 1	\$ 3,359,818	\$ 3,295,021		
Increases due to planting	116,381	166,541		
Gain (loss) on changes in fair value less costs to sell	9	(1,010)		
Decreases due to harvesting	(60,686)	(129,222)		
Effect of foreign currency exchange differences	(77,395)	65,848		
Balance at June 30	<u>\$ 3,338,127</u>	\$ 3,397,178		

The financial risks related to biological assets arose from the estimation of eucalyptus volume since the method used in estimation is highly uncertain.

Remarks:

- 1) Except for the review financial statements for the six months ended June 30, 2023 and 2022 of YFY International B.V., YFY Mauritius Corp., Chung Hwa Pulp Corporation, Yuen Foong Yu Consumer Products Co., Ltd., YFY Packaging Inc., Shin Foong Specialty and Applied Materials Co., Ltd., YFY Paradigm Investment Co., Ltd., YFY Development Corp., investees mentioned in Tables 8 and 9, and the audit of financial statements for the six months ended June 30, 2023 of Arizon RFID Technology (Cayman) Co., Ltd., the remaining non-significant subsidiaries were not reviewed by the auditors.
- 2) Shin Foong Specialty and Applied Materials Co., Ltd., China Color Printing Co., Ltd. and Union Paper Corp. were deemed subsidiaries because the Group had substantial control over them even though the Group held less than 50% equity interest in each of the subsidiaries' voting shares.

- 3) YFYPack Advance Ltd. was established in May 2021 and had been included in the consolidated financial statements. YFYPack Advance Ltd. was liquidated in response to the Group's operational strategy. Due to the Group's loss of control, it has not been included in the consolidated financial statements since January 2022.

Fully paid ordinary shares, which have a par value of \$10, carry one vote per share and carry a right to dividends.

b. Capital surplus

Depending on the source, capital surplus may be used in these ways: (1) arising from shares issued in excess of par (including share premiums from the issuance of ordinary shares for mergers, treasury share transactions, and excess of the consideration received over the carrying amount of the subsidiaries' net assets during disposal or acquisition) - may be used to offset a deficit; in addition, when the Company has no deficit, this capital surplus may be distributed as cash dividends, or may be transferred to share capital once a year within a certain percentage of the Company's capital surplus; (2) arising from the effect of changes in ownership interests in subsidiaries due to equity transactions other than actual disposals or acquisitions - may be used to offset a deficit.; (3) arising from changes in equity in associates - may be used in compliance with related regulations if the capital surplus source is either of the foregoing two sources.

c. Retained earnings and dividend policy

Under the dividend policy as set forth in the amended Articles, where the Company made profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations or in the necessary situation, and then any remaining profit together with any undistributed retained earnings shall be used for distribution of dividends and bonuses to shareholders.

In making its dividend policy, the Company takes into account future capital expenditures and working capital requirements. Based on this policy, dividends should be distributed as follows:

- 1) At least 20% as cash dividends; and
- 2) The remainder after the distribution of cash dividends as share dividends. If there is a requirement for capital expenditures, the Company may distribute only share dividends.

The board of directors of the Company is authorized to adopt a special resolution to distribute dividends and bonuses in cash and a report of such distribution should be submitted in the shareholders' meeting.

Appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficits. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

Items referred to under Rule No. 1010012865 (Rule No. 1090150022 issued by the FSC was adopted in appropriations of earnings since 2021), Rule No. 1010047490, Rule No. 1030006415 and the directive titled "Questions and Answers for Special Reserves Appropriated Following Adoption of IFRSs" should be appropriated to or reversed from a special reserve by the Company. For any subsequent reversal of the deduction in other shareholders' equity, the appropriate amount of earnings distribution should be reversed from the net debit balance.

The appropriations of earnings for 2022 and 2021 were as follows:

	Appropriation of Earnings		
	For the Year Ended December 3		
	2022	2021	
Legal reserve	<u>\$ 211,224</u>	<u>\$ 465,605</u>	
Cash dividends	<u>\$ 1,494,334</u>	<u>\$ 2,490,557</u>	
Cash dividends per share (NT\$)	<u>\$ 0.9</u>	<u>\$ 1.5</u>	

The aforementioned appropriation for cash dividends had been resolved by the board of directors on March 15, 2023 and 2022, respectively. The other proposed appropriations of earnings for 2022 and 2021 were resolved by the shareholders' meetings on June 20, 2023 and June 23, 2022, respectively.

3) Valuation techniques and inputs used to make Level 2 fair value measurement

Financial Instruments	Valuation Techniques and Inputs
Structured deposits	Discounted cash flow method: The future cash flow is estimated based on the observable interest rate at the end of the period, discounted at the market interest rate.
Derivatives - foreign exchange forward contracts	The fair value of each derivative contract is determined using the discounted cash flow method and: (a) The average exchange rate (i.e., difference between the highest and the lowest exchange rates) of the counterparties' financial institutions in accordance with the Reuters quoting system, or (b) The daily spot exchange rate quoted by financial institutions.

4) Valuation techniques and inputs used to make Level 3 fair value measurement

Financial Instruments	Valuation Techniques and Inputs
Domestic and foreign unlisted shares	Asset-based approach: The fair value is determined based on the net asset value of the investment target. The significant unobservable inputs are discounted prices based on market liquidity and non-controlling interests.
	Market approach: The fair value is assessed according to the recent transaction price of the investment target or similar market transaction prices and market conditions. The significant unobservable inputs are discounted prices for the lack of marketability.
	Income approach: Discounted cash flows are determined based on the present value of the expected future economic benefits that will be derived from the investment. Unobservable inputs mainly include the long-term growth rate, discount rate and the discount of liquidity. The fair value will increase if the long-term growth rate increases, discount rate decreases or the discount for liquidity decreases.

d. Financial risk management objectives and policies

The Group's main target of financial risk management was to manage the market risk related to operating activity (including foreign currency risk, interest rate risk and other price risk), credit risk and liquidity risk. To reduce the potential and detrimental influence of the fluctuations in market on the Group's financial performance, the Group was devoted to identify, analyze and estimate related financial risk factor which may lead to unfavorable effect on the financial performance of the Group, and conduct related program to lower and hedge financial risk.

The Group seeks to minimize the effects of these risks by using both derivative and non-derivative financial instruments to avoid risk exposures. The use of financial instruments was governed by the Group's policies approved by the board of directors, which provided written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits was reviewed by the internal auditors on a continuous basis. The Group did not enter into or trade financial instruments, derivative financial instruments, for speculative purposes.

1) Market risk

The Group's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates, interest rates and equity prices.

a) Foreign currency risk

The Group had foreign currency denominated assets and liabilities, which exposed it primarily to the financial risks of changes in foreign currency exchange rates. The Group used foreign exchange forward contracts to eliminate the risk of foreign currency exposure. These foreign exchange forward contracts are intended to reduce the influence of the exchange rate fluctuations on the Group's income.

Sensitivity analysis

For the proportion of financial assets and liabilities that had significant influence on the Group, the risk was measured by considering the net position of foreign currency forward contracts, and that are undue.

The Group was mainly exposed to the USD and RMB.

The following table details the Group's sensitivity to a 5% increase and decrease in the functional currency against the relevant foreign currencies. 5% represents management's assessment of the reasonably possible change in foreign exchange rate. The sensitivity analysis included only outstanding foreign forward currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% change in foreign currency rates. A positive number below indicates an increase in pre-tax profit associated with New Taiwan dollars strengthening 5% against the USD and RMB. For a 5% weakening of New Taiwan dollars against the USD and RMB, there would be an equal and opposite impact on pre-tax profit and the balances below would be negative.

	For the Six Months Ended June 30		
	2023	2022	
Influence to profit or loss at 5% variance			
USD	<u>\$ (124,102</u>)	<u>\$ (110,649</u>)	
RMB	<u>\$ (161,099</u>)	<u>\$ (87,645)</u>	

b) Interest rate risk

The Group was exposed to interest rate risk arising from borrowing at both fixed and floating interest rates.

The carrying amount of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	June 30, 2023	December 31, 2022	June 30, 2022
Fair value interest rate risk			
Financial assets	\$ 10,056,743	\$ 10,584,206	\$ 8,339,286
Financial liabilities	16,841,672	2,723,116	9,515,175
Lease liabilities	795,812	718,784	678,823
Cash flow interest rate risk			
Financial assets	4,751,969	3,889,054	4,981,867
Financial liabilities	32,888,432	45,156,633	36,992,272

Sensitivity analysis

The sensitivity analysis below was determined based on the Group's exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis was prepared assuming the amount of each liability outstanding at the end of the reporting period was outstanding for the whole year. A 0.25% basis point increase or decrease was used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 0.25% basis point higher/lower and all other variables were held constant, the Group's post-tax profit for the six months ended June 30, 2023 and 2022 would have decreased/increased by \$28,136 thousand and \$32,010 thousand, respectively.

c) Other price risk

The Group was exposed to equity and commodity price risk through its investments in equity securities and mutual funds. The management of the Group manages risk by holding different risk portfolios.

Sensitivity analysis

The sensitivity analyses below were determined based on the exposure to equity and commodity price risks at the end of the reporting period.

If equity and commodity prices had been 5% higher/lower, pre-tax profit for the six months ended June 30, 2023 and 2022 would have increased/decreased by \$27,006 thousand and \$82,414 thousand, respectively, as a result of the changes in fair value of financial assets at FVTPL, and the pre-tax other comprehensive income for the six months ended June 30, 2023 and 2022 would have increased/decreased by \$1,394,051 thousand and \$1,267,045 thousand, respectively, as a result of the changes in fair value of financial assets at FVTOCI.

The Group's sensitivity to price risk increased during the period, which was mainly due to the fair value of equity investments increased.

2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk, which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties, is arising from the carrying amount of the respective recognized financial assets which comprise receivables from operating activities and financial assets from investing activities as stated in the consolidated balance sheets.

The Group's customer base is vast and various industries. The Group continuously evaluated the financial conditions of those customers.

To maintain the quality of the accounts receivable, the Group has built a credit risk management procedure to reduce the credit risk from specific customer. The credit evaluation of individual customer includes considering factors that will affect its payment ability such as financial condition, past transaction records and current economic conditions.

Credit risk of bank deposits, fixed - income investments and other financial instruments with banks is evaluated and monitored by the Group's financial department. Since the counterparties are creditworthy banks and financial institutions with good credit rating, thus, there's no significant credit risk.

3) Liquidity risk

The objective of liquidity risk management is to maintain adequate cash and cash equivalents with high liquidity and sufficient bank facilities that business operation requires and to ensure the Group has sufficient financial flexibility.

As of June 30, 2023, December 31, 2022 and June 30, 2022, the amounts of unused financing facilities were \$58,692,518 thousand, \$57,379,028 thousand and \$54,695,075 thousand, respectively.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods by financial institutions. The tables have been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay. The tables included both interest and principal cash flows. Specifically, loans with a repayment on demand clause were included in the earliest time band regardless of the probability of the financial institutes choosing to exercise their rights.

To the extent that interest cash flows paid at floating rate, the undiscounted amount was derived from the interest rate curve at the end of the reporting period.

e. Transfers of financial assets

The Group transferred a portion of its banker's acceptance bills in mainland China to other bank in order to generate working capital. As the Group has transferred substantially all risks and rewards relating to these bills receivable, it derecognized the full carrying amount of the banker's acceptance bills. The Group's discounted and received amount and the ranges of interest rates were as follows:

The Group classifies its products into three segments in accordance with their characteristics as follows:

a. Pulp and fine paper segment

Manufacture and sale of cardboard, paper and pulp.

b. Containerboard and packaging segment

Manufacture and sale of paper for cardboard cases, colored cases and food containers.

c. Consumer product segment

Manufacture and sale of tissue paper, napkins and detergents.

The accounting policies of each segment are the same as those accounting policies stated in Note 4. The performance of segments is measured at income after tax. Revenue and profit between segments have been adjusted; these adjustments include the elimination of intra-segment transactions to reconcile the segment information with that reported for the Group as a whole.

Note 1: a. Based on the provision of loans due to business relationships, the total amount of loans should not exceed 40% of the lender's net equity on the most current financial statements, and the amount of individual loans should not exceed the total purchases and sales between the lender and the borrower in the prior year. According to the provision of short-term loans, both individual loans and total loans should not exceed 40% of the lender's net equity on the most current financial statements. In summary, according to the provision of business dealings and short-term financing, both aggregate loans and individual loans should not exceed 80% of the lender's net equity on the most current financial statements.

Note 2: In preparing the consolidated financial statements, the transaction has been eliminated.

(Concluded)

b. YFY Inc.'s wholly-owned foreign subsidiaries are not subject to the foregoing 40% and 80% limitation when they provide financing with each other. For subsidiaries of YFY Inc., if the loan is for the borrower's business purposes or for short-term financing, the amount of financing should not exceed twice of the lender's net equity on the most current financial statements.
