YFY Inc.

1. Business Report

The global pandemic, extreme climate change, and the ongoing war tensions between Ukraine and Russia in 2022 have caused high prices for international energy and raw materials. In order to curb inflationary pressures, the risen interest rates have resulted in a weaker global economic recovery than previously expected. According to the International Monetary Fund (IMF), the global economic growth rate in 2022 was 3.4%, and a further slowdown to 2.9% in 2023.

YFY Inc. (Hereinafter YFY) reported a consolidated revenue of NT\$79.636 billion and a net profit attributable to the owners of the company of NT\$2.17 billion after tax in 2022, with an earnings per share of NT\$1.31

Building on years of hard work and a solid foundation, the management team of YFY is committed to practical innovation and long-term development. To enhance our technology, promote the circular economy, and implement the three major strategies of low-carbon, low-energy consumption, and replacing plastics with saccharide, we are pursuing five major development directions:

1. Renewable Energy Development and Management:

To achieve higher energy efficiency, YFY has implemented the ISO 50001 energy management system and responded to the energy-saving plans of the Industrial Development Bureau, MOEA (IDB) and the Taiwan Power Company's Demand Response load management program. Through equipment upgrades, continuous reduction of energy consumption, and waste heat recovery measures, we are promoting various energy-saving projects to reduce fixed costs. At the same time, our newly established Carbon Management Business Group adheres to the concept of a circular economy, combining renewable materials and low-carbon energy, and utilizing digital technology. Under the principles of positive development of business growth and environmental protection, we promote low-carbon management for the company, both internally and externally, and construct a complete low-carbon industry chain with a comprehensive development strategy .

2. Investment and Incubation:

YFY extends its investment content and themes from its core business scope and conducts incubation of invested companies. After participating in capital market operations, it recycles funds for the next round of investment , and creates a sustainable value creation model through this continuous cycle. So far, TAIGEN-KY (4157), Shin Foong (6582), YFYCPG (6790), and others have been listed. Arizon RFID-KY (6863) will become the ninth publicly listed company of the YFY Inc. group. As a leading global manufacturer of RFID tags, it has passed Taiwan Stock Exchange Corporation's (TWSE) listing review and will be listed for trading soon. Through cross-industry technology

deployment, Arizon RFID aims to enhance product applications and penetration rates, and is expected to demonstrate fruitful results.

3. Circular Economy:

YFY won the "Taiwan Circular Economy Awards" for its full-cycle operation. With papermaking process as the core, it recycles paper during the process and highly reuses process water, further reducing the consumption of raw materials and water resources. Remaining materials in the factory such as sawdust and sludge generated during production can be converted into commodities such as asphalt, refractory bricks, and agricultural fertilizers through reprocessing. The use or recovery of green energy sources such as solar photovoltaics, liquid lignin power generation, biomass fuels, and biogas is continuously carried out to promote the circulation of renewable energy. YFY is committed to upgrading power generation technology by using SRF to reduce the proportion of coal-fired power generation and effectively reduce carbon emissions. With years of experience and achievements in full-cycle operation, YFY has become a provider of solutions for other enterprises and has increased its sources of profit.

4. New Material for the Saccharide Economy

YFY proposes special chemical materials based on saccharides, which are renewable and low-carbon environmental-friendly materials developed from glycogenic source materials such as cellulose and starch. Through material science technology, YFY aims to achieve the goal of "replacing plastics with saccharides." Forest, Pulp & Paper Group has developed a cowhide paper tape made from recycled paper, which is a highly environmentally-friendly and decomposable product with high added value. The group has also developed various applications for masking paper in different colors, practicing the concept of full-cycle economy, expanding product applications, and enhancing added value. From development to manufacturing, the group injects sustainable thinking throughout the process. The full-paper food container, which replaces plastic with paper and has no PE coating, can be directly recycled after use, making a triple contribution to reducing carbon, plastic, and waste.

5. Establishment of Industry 4.1 and Ecosystem (in Upstream and Downstream Industries)

YFY has launched a Smart Manufacturing Industry Project, integrating the technical capabilities of its various business groups. By using AIoT and combining big data analysis, AI modeling, and virtual inspection technology, the project aims to improve manufacturing efficiency and gradually replicate successful experiences at the Jutang Plant of Forest, Pulp & Paper Group to other YFY's factories, thereby reducing production costs and optimizing production quality and efficiency. YFY's subsidiary has teamed up with

multiple banks to establish the "Blockchain Alliance for Supply Chain Finance", integrating the supply chain of business flow, capital flow, and information flow to solve problems in the logistics of short supply chains model and transform them into new business opportunities. Currently, over 280 suppliers have participated, achieving responsible supply chain management for the enterprise and strengthening the ESG goals of sustainable supply chains.

Looking ahead to 2023, YFY's management team will continuously review talents, funding, environmental, and regulatory aspects, and pay close attention to international situations, technological developments, ecological environment, and changes in social patterns. The company will maintain flexibility and resilience, continuously enhancing ESG, and create reasonable long-term investment value for shareholders, as it marches forward to becoming a century-old enterprise.

11.CPA's Audit Report-Consolidated Financial Statements

YFY Inc.

Opinion

We have audited the accompanying consolidated financial statements of YFY Inc. and its subsidiaries (collectively referred to as the “Group”), which comprise the consolidated balance sheets as of December 31, 2022 and 2021, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants in the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters of the Group’s consolidated financial statements for the year ended December 31, 2022 are stated as follows:

Estimation of Expected Credit Loss Recognized on Receivable

The accounts receivable of the Group’s significant components are material in amount. In consideration of transactions with various counterparties, the recoverability of receivable is subject to not only each customer’s financial condition but also management’s estimation and judgment. Therefore, we identified the estimation of expected credit loss recognized on receivable as a key audit matter.

For related policies and relevant information on the estimation of expected credit loss of receivable, refer to Notes 4, 5 and 10 to the accompanying consolidated financial statements.

The key audit procedures that we performed in respect of the expected credit loss on receivable included the following:

1. We obtained and assessed the reasonableness of the method and the information used by management for the estimation of expected credit loss recognized on receivable.
2. We tested sample items in the aging report on the balance sheet date and verified the correctness of the calculation of the expected credit loss.
3. We analyzed overdue receivables and performed sampling on the collections of overdue receivables after the balance sheet date. We assessed the reasonableness of the expected credit loss recognized on receivable based on customers' historical payment records, credit line control and overdue receivables tracking.

Other Matter

We have also audited the financial statements of YFY Inc. as of and for the years 2022 and 2021 on which we have issued an auditors' report, respectively.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the Group audit. We remain solely responsible for our audit opinion.
We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2022 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

CPA's Audit Report-Financial Statements
YFY Inc.

Opinion

The Board of Directors and Shareholders
YFY Inc.

Opinion

We have audited the accompanying financial statements of YFY Inc. (the Company), which comprise the balance sheets as of December 31, 2022 and 2021, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters of the Company's financial statements for the year ended December 31, 2022 are stated as follows:

Valuation of Receivables

The Company has a large number of customers and its notes and accounts receivable are material in amount. When evaluating the impairment of receivables, the management estimated the loss allowance based on the lifetime expected credit loss. The valuation of receivables involves accounting estimates and assumptions determined by the management. Therefore, we considered the valuation of receivables as a key audit matter.

For the disclosures related to receivables, refer to Notes 4 and 9 to the accompanying financial statements.

Other audit procedures for the abovementioned key audit matter included the following:

1. We obtained the reports of impaired receivables impairment and assessed the reasonableness of the methodology and data used in the reports.
2. We tested the receivables aging schedule and reviewed the calculation of expected credit loss for reasonableness of the recognized expected credit loss on receivables.
3. We tested the recoverability of receivables by analyzing overdue accounts and by verifying cash receipts in the subsequent period. For a receivable that was past due but not yet received, we assessed the reasonableness of the expected credit loss based on the customer's payment history, customer's credit policy control and tracking of overdue receivables.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

The Company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Article 8. The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Where a shareholders meeting is held online, the Company shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by the Company, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by the Company during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

In case of a virtual shareholders meeting, the Company is advised to audio and video record the back-end operation interface of the virtual meeting platform.

Article 9. Attendance at shareholders' meetings shall be calculated based on numbers of shares. The number of shares represented during the meeting is calculated based on the total amount registered in the attendance log or the attendance cards collected and the shares checked in on the virtual meeting platform plus the amount of shares where voting rights are exercised in writing or through electronic means.

The chairperson shall announce the commencement of the meeting as soon as the appointed time arrives and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting.

The Chairperson shall call the meeting to order as soon as the appointed time arrives. However, if those in attendance represent less than half of the Company's outstanding

shares, the Chairperson may announce postponement up to two times for a period totaling no more than one hour. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chairperson shall declare the meeting adjourned. In the event of a virtual shareholders meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, Paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders' meeting shall be convened within 1 month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to the Company in accordance with Article 6.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chairperson may resubmit the tentative resolution for a vote by the shareholders' meeting pursuant to Article 174 of the Company Act.

Article 10. If a shareholders' meeting is convened by the Board of Directors, the meeting agenda shall be decided by the Board of Directors. Relevant motions (including extraordinary motions and amendments to the original motion) should be voted on a case-by-case basis. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders' meeting. However, extraordinary motions should be proposed within the scope permitted by law, within the time limit when the chairperson puts the matter before all shareholders present at the meeting, and can only be included in the agenda after receiving approval from the attending shareholders in accordance with legal procedures.

The provisions of the preceding paragraph apply *mutatis mutandis* to a shareholders' meeting convened by a party with the power to convene that is not the Board of Directors. Unless by the resolution of the shareholders' meeting, the chairperson may not declare the meeting ended until all items on the agenda (including extraordinary motions) arranged in the preceding two paragraphs have been completed. The shareholders cannot designate any other person as chairperson and continue the meeting in the same or another place after the meeting is adjourned. If the chairperson declares the meeting adjourned in violation of the rules of procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chairperson in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chairperson shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chairperson is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chairperson may announce the discussion closed, call for

a vote, and arrange an adequate voting time.

Article 11. Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chairperson.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chairperson, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chairperson may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chairperson and the shareholder that has the floor; the chairperson shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders' meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chairperson may respond in person or direct relevant personnel to respond.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

Article 12. Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders' meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the

competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13. A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When the Corporation holds a shareholders meeting, it may allow the shareholders to exercise voting rights in writing or electronic means. The method of exercise shall be specified in the shareholders meeting notice. Shareholders exercising voting rights in writing or electronic means will be deemed to have attended the meeting in person. However, shareholders will be deemed to have waived their rights with respect to extraordinary motions and amendments to original proposals of that meeting.

A shareholder intending to exercise voting rights in writing or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Corporation 2 days before the date of the shareholders' meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights in writing or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person or on line, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, before 2 business days before the date of the shareholders' meeting. If the notice of retraction is submitted after that time, the voting rights already exercised in writing or electronic means shall prevail. When a shareholder has exercised voting rights both in writing or electronic means and by appointing a proxy to attend a shareholders' meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in the Corporation's Articles of Incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chairperson or a person designated by the chairperson shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chairperson shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chairperson, provided that all monitoring personnel shall be shareholders of the Company.

Vote counting for shareholders' meeting proposals or elections shall be conducted in public at the place of the shareholders' meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Company convenes a virtual shareholders meeting, after the chairman declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chairman announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 14. The election of directors at a shareholders' meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the names of those elected as directors and the numbers of votes with which they were elected, and the names of directors not elected and number of votes they received.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15. Matters relating to the resolutions of a shareholders' meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chairperson of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chairperson's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their results (including statistical weights). When directors are elected, the number of votes for each candidate should be disclosed. The minutes shall be kept permanently throughout the life of the Corporation.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online.

Article 16. On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies as well as the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders' meeting. In the event a virtual shareholders meeting, this Corporation shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During the Company's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

If matters put to a resolution at a shareholders' meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17. Staff handling administrative affairs of the shareholders' meeting shall wear identification badges or arm-bands.

The chairperson may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders' meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the chairperson may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chairperson's correction, obstructing the proceedings and refusing to heed calls to stop, the chairperson may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18. When a meeting is in progress, the chairperson may announce a break based on time considerations. If a force majeure event occurs, the chairperson may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders' meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19. In the event of a virtual shareholders meeting, the Company shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

Article 20. When the Company convenes a virtual-only shareholders meeting, both the chairman and secretary shall be in the same location, and the chairman shall declare the address of their location when the meeting is called to order.

Article 21. In the event of a virtual shareholders meeting, the Company may offer a simple connection test to shareholders prior to the meeting, and provide relevant real-time services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders meeting, when declaring the meeting open, the chairman shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chairman has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the second paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders meeting, shall be counted towards the total number of shares,

number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders meeting held under the paragraph 2 , no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors.

When the Company convenes a hybrid shareholders meeting, and the virtual meeting cannot continue as described in second paragraph, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders meeting online, still meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue, and not postponement or resumption thereof under the second paragraph is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.
